H. pylori with a Urine specimen, Stool Specimen and Sputum specimen (3 specimens) - **\$585.00**

H. pylori with only 2 specimens - **\$390.00**

H. pylori with only 1 specimen - **\$195.00**

Specimen Collection Containers:

- Urine- Big topped specimen container (the same as the Sputum Container)
- Sputum- Big topped specimen container (the same as the Urine Container)
- Stool- Small topped specimen container

Please **mark all** samples with the patient's full name and the date the samples were collected. **The lab will not process unmarked samples. NO EXCEPTIONS.**

How to collect a sputum specimen:

Take a very deep breath and hold the air for 5 seconds. Slowly breathe out. Take another deep breath and cough hard until some sputum comes up into your mouth. Keep doing this until you have at least 1 mL of sputum.

Urine specimen collection:

Can be collected any time of day.

Stool specimen collections:

Can be collected any time of day. Do not contaminate the specimen with urine or water from the toilet.

Take multiple portions from different areas of the collection container.

Shipping Samples to the lab:

Ship samples at room temperature. **During warm/hot weather** - ship on ice packs to prevent sample degradation during transit.

- **When shipping within the USA**, use the Prepaid FedEx Standard Overnight shipping label provided.
- **When shipping outside the USA**, you are responsible for the cost of shipping the sample to the lab. We strongly suggest that all samples be shipped by the quickest means possible.
